¹ Science and engineering occupations include postsecondary educators. For more details see technical notes.

² Health-related majors are not included in sample.

KEY: S = Data with weighted values less than 100 or unweighted sample sizes less than 20 are suppressed for reasons of data reliability.

NOTES: Details may not add to totals because of rounding.

These estimates of 1997 and 1998 recent college graduates are obtained from a sample survey of individuals receiving bachelor's or master's degrees in science or engineering fields.
